## PROJECT

### DSM Knowledge Board(M.C.A Project):

Completed project in **DSM Software Ltd,Chennai** on DSM Knowledge Board.The project is aimed to provide round the clock customer service. It provides access only to in-house members by issuing passwords and protects databases. The checking ensures that the system is up and so it can handle customer queries and transactions.

### MY ROLE:

I was instrumental in the design and development of the databases. It provides round the clock service to the customers. Once the server is up all these processes are performed **AUTOMATICALLY**. It does not require any user intervention. This eliminates the need for man power. If the user gets any query, it can be clarified to the network administrator through e-mail, fax or mobile simultaneously. . I have proved the ability to grasp state-of-art technologies and use them effectively in delivering my duties.
